Wintertime in the frigid north doesn't have to be dull and boring...

In fact, it's the perfect time to pick up a new hobby. If you're open to trying new things, the possibilities are endless – not only in winter, but all year long.

Not sure where to start? Begin at the library, where you'll find books on a wide variety of hobbies – from learning to play a musical instrument, to how to win at chess, to juggling...just for fun!

Here are a few books that might help you find a way to beat the mid-winter blahs.
